LATEST NEWS: “My eyes are open!” Atsushi proclaimed at the ramen shop. Jesus just entered his heart as he asked the Lord to save him from eternal hell.. We had just met him at the airport in Narita ,Japan . “How do you know I am in pain,?” asked the young store clerk named Mariko. Roman and Bryan replied “When Christ is your Father, you can hear his voice.” Setting aside her work she asked Christ to not only heal her, but save her. Tears poured down on her bewildered face.. There have been so many testimonies this past year that heaven only knows. Thanks for holding onto the rope as we are lowered into Japan. Over

people around the world have been given a chance to hear of Christs offer of love. Please download on your phone “The Story” and you can evangelize by phone in different languages anywhere in the world! Also please come and HELP SAVE JAPAN. Please come on any trip that fits your schedule Take a moment and click on to the SCHEDULES on **www.sm-intl.org** Japan during the New Year remembers the good side of the past year and embarks on the coming year. A familiar activity is

making “mochi:” or pounded rice treats, as shown in the picture.. **LESSON LEARNED:** “If I did it ALL on the Cross, don’t I deserve SOULS?” -JESUS- There is nothing that can compare with our gains, except the souls we have led into Heaven. Question: What's on your agenda of this year? Choose souls, over security. Today as you read this letter over 150 Japanese will commit suicide? [Appox. 3,800 per month] Who cares? Let us put a stop to this plague . Either GO or SEND to Japan, those who will bring the HOPE of Christ. Two new house churches have started along with a church in Yokohama area. Bring your nets Thank you, David
